### CAUGHT IN THE ACT

Lady Who Tries to Filch Tablecloth From Merchant

It is altogether who you are. If it happens to be a person of means and social standing then it is kleptomania, otherwise it is ordinary stealing. This one was a kleptomaniac with a capital K, a fetching smile and a manner inclined to win the confidence of the innocent female with the yard stick.

The other day she entered a Second street dry goods store and while in a somnolent state unconsciously tucked 'neath the ample folds of her cloak a \$3.50 table cloth. While she was apparently asleep the lynx-eyed proprietor was awake for just such subjects.

It is not necessary to state that both proprietor and customer were both somewhat surprised—one that the other would stoop so low and she being caught in the act.

### TRUANT OFFICER

So Far No One Has Been Appointed in Maysville

The law in regard to the appointment of Truant Officers for cities of the fourth class is plain and explicit.

It is not an optional matter with Boards of Education whether or not they create such an officer, but quite the reverse—the law is imperative and demands that in the first week in July of each year the Board shall appoint one person for each three thousand pupils or fraction thereof to serve as Truant Officer and whose authority shall be limited to the city where the appointment was made. Such person so appointed shall be of strict moral character and with ability to read and write.

He shall be paid from the school tax levy of such city at the rate of not less than \$1 nor more than \$2.50 for each school day.

He is given power to examine into any case of truancy and shall warn the parent or guardian of the final consequences of truancy if persisted in.

Children between the ages of seven and fourteen years are specified as coming within the purview of the law.

After having served notice and the parent or guardian neglects or refuses to compel the child to attend some recognized school, he shall make complaint before a Justice of the Peace against the parent or guardian and upon conviction shall forfeit to the use of the schools in the city a sum not less than \$5 nor more than \$20 for the first offense, nor less than \$10 nor more than \$50 for the second and every subsequent offense, and costs of suit.

The law multiplies and enumerates largely on the subject and is mandatory throughout.

There is not a city in the Commonwealth that stands in need of such an officer as does Maysville.

Every day children can be seen wandering aimlessly about the streets whose place is undoubtedly in one of the Public Schools.

The Board of Education contains among its number gentlemen of classical education as well as being endowed with a spirit of Christianity.

Why they have thus far neglected to carry out the letter and spirit of the law is something beyond the ken of the writer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. MRS. SOPHIA DULEY.

The ending of the life of one who had  
reached the extreme age of about ninety-four  
years has awakened a desire among many to  
know something of the ancestors of the de-  
ceased.

The father of the subject of this sketch was  
the Rev. Benjamin Northcott, who was born in  
the Colony of North Carolina January 16th,  
1770. His parents emigrated to that Colony  
from Virginia sometime previous to his birth.  
Early in the settlement of Virginia a family of  
Northcotts settled there from England, from  
whom have descended all of the families of that  
name in the South and West. His parents  
were early converts under the preaching of the  
Methodist Ministers.

At the age of nineteen Benjamin Northcott  
removed to Kentucky and settled in Fleming  
county. About one year after this he became  
a Preacher in the Methodist Church.

In 1794 he was married to Miss Jane Ar-  
strong, and from this union three daughters were  
born. In a few years his first wife died. He  
afterwards married Miss Martha Odell. Their  
union was blessed by a family of twelve children.  
All of the fifteen children, five sons and ten  
daughters, lived to be grown and married.

Sophia, the subject of this sketch, was twice  
married, having married Hiram Duley, four  
children resulting from the union. After his  
death she was united in marriage to Charles Z.  
Duley, the brother of her first husband. To  
them were born, also, four children. All of  
the eight children lived to be grown and married.  
Six of them survive her. In addition to rearing  
this large family she had as a part of her  
household, and under her care and direction,  
two orphans, the children of her husband's sis-  
ter, and later in life two grandchildren. In all  
the relations of life she was an amiable, sweet  
tempered woman, true to her Church, her family  
and her friends. Many kind deeds, many sweet  
ministrations to the sick and discouraged,  
marked her pathway through life. "She did  
her part well."

Rev. H. C. Northcott is the only one of the  
family surviving her.  
[Much of the above is taken from the Bio-  
graphy of the Rev. Benjamin Northcott, written  
by his son, Rev. H. C. Northcott.]

CHARITY BALL

Sir Knights Hustling to Make It the  
Grandest Ever

It is now ascertained that the Charity Ball to  
be given on the 27th will be the event of the  
winter social season. The hustling committee  
selling tickets has met with much unlooked-  
for success in disposing of tickets among mer-  
chants that they are quite elastic.

The program will be ready in a few days  
and will appear in THE LEDGER.

Every detail being carefully looked after and  
that the Ball will be the grandest event given  
in the city is not for an instant to be doubted.

"GOT BUSY"

DeKalb Lodge Entertained Grand  
Master Bailey Last Night

One of the most delightful occasions in the  
history of DeKalb Lodge No. 12, I. O. O. F.,  
was that accorded Grand Master of Kentucky  
Oldfellow D. L. Bailey of Louisville last night.

About one hundred Oddfellows gathered at  
DeKalb Lodge Hall, among them being visitors  
from Lexington, Augusta and several other  
contiguous towns, and after the regular busi-  
ness of the evening was gone through, Grand  
Master Bailey gave one of the most entertaining  
addresses ever heard in the Lodge room.

After speeches by Past Grand Master John  
D. Cole and Treasurer John Duley, the assem-  
blage repaired to the banquet hall, where the  
knife and fork degree was conferred to most  
inspiring music by Outten's Superb Orchestra.

The splendid entertainment and banquet were  
due to the efforts of those three giant hustlers,  
Will R. Smith, Thomas P. Royce and E. W.  
Hutchison.

The Key that Unlocks the Door to Long  
Living.

The men of eighty-five and ninety years of age  
are not the rotund, well-fed, but thin, spare men  
who live on a slender diet. He as careful as he  
will, however, a man past middle age will occa-  
sionally eat too much or of some article of food not  
suited to his constitution, and will need a dose of  
Chamberlain's Stomach and Liver Tablets to  
cleanse and invigorate his stomach and regulate  
his liver and bowels. When this is done there is  
no reason why the average man should not live to  
old age. For sale by all Druggists.
